

Mr. Ömer Ucuz is the Managing director and a Board member of MEFA. He has 25 years of experience in the construction sector, primarily in management positions. He has an MSc in Civil engineering and a master's degree in Global Executive Business Administration.

His experience spans a wide array of construction services from infrastructure to superstructure projects, including university campuses, congress halls, mass housing units, roads, bridges, city infrastructure systems, and hydroelectric power plants.

As the Managing Director, he focuses on developing and executing business strategies, delegating and supervising the work of executives, and communicating and maintaining trusted relationships with authorities and business partners within Turkey and abroad.

Mr. Ucuz graduated in Civil Engineering in 1998 from Selçuk university. In 2019, he joined TRIUM Global Executive MBA, a joint executive MBA program of three leading business schools: NYU Stern Business School, the London School of Economics and political sciences, and HEC Paris.

Mr. Ucuz is a Board Member of the Turkish Contractors Association, a Member of DEIK (Foreign Economic Relations Board), and PMI (Project management institute)
